

FOCUS GROUP

Help Young People in Your Community Count!

People don't understand enough about young people who don't have a stable place to call home. This summer, Voices of Youth Count will do a **one-day count** of how many young people are without a safe, stable place to sleep in your community. **We need your help to identify places where you and your friends hang out**, to make sure youth are counted. So, we are having a focus group with young people, like you, to gather this information. We will keep everything you share with us private, and you will receive **transportation support, lunch or dinner, and \$10/hour in cash** for participating in the focus group.
